ICMA Annual General Meeting and Conference 2013

Setting standards internationally

22-24 May 2013
Tivoli Hotel and Congress Center
Copenhagen, Denmark

Registrations now open

The ICMA AGM and Conference, now in its 45th year, is an internationally respected event focusing on the global debt capital markets and bringing together the global financial community to discuss market and regulatory developments.

The main themes to be addressed at ICMA's 2013 conference will include: a look at the euro crisis; collateral fluidity; the effects of regulatory oversight on asset management; secondary market trading, an update on the primary debt capital market; as well as a focus on the Nordic capital markets.
